#### 1.0 INTRODUCTION

On 5<sup>th</sup> October 2021, Hon. Sarah Opendi, District Woman Representative for Tororo presented a petition to Parliament on behalf of the Kasoli Tenants SACCO Ltd/Kasoli Housing Project.

Kasoli Housing Project is a low-cost Housing project in Tororo Municipality. It was established through a Memorandum of Understanding (MOU) between Kasoli Tenants SACCO on one hand and DFCU Bank and UN Habitaton the other. UN-Habitat provided USD 500,000 for the project through DFCU Bank for onward lending. DFCU Bank topped up that amount with an equal figure of USD 500,000 making the loan facility to Kasoli Tenants SACCO USD 1,000,000.

The funds were transferred to Kasoli Tenants SACCO and the Housing Project commenced. However, in the course of project implementation the SACCO was notified that the entire land area allocated to Kasoli Housing project was in the project path of the Standard Guage Railway (SGR) and therefore Kasoli Tenants SACCO Ltd/Kasoli Housing Project would have to vacate upon compensation.

The complaints of the petitioners were that the loan has now accumulated to UGX. 3,186,096,558 and DFCU Bank served them with three Notices of Default through Sebalu and Lule Advocates and proceeded to serve them with a Notice of Eviction through Bemuga Strict Auctioneers and Court Bailiffs giving them 30 days to clear the entire outstanding loan or to vacate the property within 14 days. They are however relying on the pending compensation from SGR to clear the loan. The Bank had embarked on a foreclosure process.

The petitioners pray that that the eviction process be stayed until the SACCO has been compensated by SGR.

In accordance with Rule 30 (6) the petition was referred to the Sectoral Committee on Physical Infrastructure for consideration.

Rules 187 (f) and 189 provide for the jurisdiction and mandate of the Committee respectively; to cover the sectors of Lands, Housing, Urban Development, Physical Planning, Works and Transport; and to *inter alia*:

- i. examine and comment on policy matters affecting the Ministries covered by it;
- ii. initiate or evaluate action programmes of Ministries and Sectors and make appropriate recommendations on them;
- iii. monitor the performance of Ministries, Departments and Agencies;
- iv. monitor Government compliance with approved plans and programmes; and
- v. monitor the progress on implementation of the sustainable development goals made by sectors that fall within its jurisdiction.

It is against the stated jurisdiction and mandate that the Committee considered the petition from the Kasoli Tenants SACCO ltd/Kasoli Housing Project and compiled this report that it now presents to the House for consideration.

#### 2.0 METHODOLOGY

The Committee:

1 Campati

- 1. Relied on its field visit to the Kasoli Housing Project on 30<sup>th</sup> September 2021;
- 2. perused through the petition as referred to it from the House;
- 3. received a submission from the following stakeholders:
  - i. Petitioners headed by the Chairperson of Kasoli Tenants SACCO Ltd
  - ii. Ministry of Works and Transport; specifically Standard Gauge Railway
  - iii. DFCU Bank
  - iv. Ministry of Lands, Housing and Urban Development
  - v. the contractors; Empire Contractors Ltd

#### 3.0 BACKGROUND

The Government of Uganda, through the Ministry of Lands, Housing and Urban Development in partnership with UN-Habitat, DFCU Bank, Kasoli Housing Association and Tororo Municipality entered into a Memorandum of Understanding (MOU) to develop a low cost Housing Project in Kasoli Village, Tororo Municipality. (MOU is attached herewith as Annex 1).

Kasoli Village was initially an unplanned slum area with pathetic housing conditions. In 1988 the slum dwellers conceived a vision to change their pathetic living conditions to a healthy environment comprising of a low-cost Housing Estate. In 2003 they formed the Kasoli Tenants SACCO Ltd to pilot the housing project. The project was to develop 250 low-cost houses in two phases, aimed at benefiting a total of 250 households of property owners in the Kasoli slum area.

A.

Times

The overall objective of the project was to pilot a new initiative of packaging low income mortgages introduced by a partnership between several parties to minimize risks while aiming at full cost recovery.

The specific objectives of the Project were as follows:

- i. to provide security of tenure over land and houses for 250 house-holds
- ii. to provide access to basic infrastructure and services for 250 households
- iii. to provide access to housing finance for 250 low-income earners
- iv. to increase the income generation capacity of members of the Housing Association
- v. to improve the physical and urban environment of Kasoli settlement
- vi. the overall improvement of housing conditions
- vii. test bringing housing finance to households with the lower income thresholds.

It was envisioned that upon successful piloting this model would be replicated in other slums across the country.

The stakeholder contribution to the project wereas follows:

In 2012, the Kasoli Tenants SACCO signed a contract with Empire Contractors to construct the houses. In 2016 the first phase consisting of 92 Houses were completed and the Kasoli tenants who had deposited 10% of the expected cost of the houses were allocated houses that are now in their possession.

However on 1<sup>st</sup> March 2016 the Chairperson of Kasoli SACCO/Housing Estate received letter from the Project Coordinator of SGR informing him that the SGR alignment affected the entire land of the Kasoli Housing Project; and that in the interest of the public good and achieving the greater objectives of the Government on infrastructure development, the Housing Estate was expected to relocate and that Government would fully compensate them in accordance with the compensation procedures and Land Acquisition Act Cap, 226.

#### 4.0 FINDINGS

The Committee made the following findings while deliberating on the Petition:

#### 1. Implementation of the project

The initial works contract between Kasoli Tenants SACCO and Empire Contractors was signed on 19<sup>th</sup> December 2012 for the construction of 108 low cost Housing Units under Phase 1. They were supposed to construct 83 two bedroomed houses at a cost of UGX. 26,120,647 each and 25 two bedroomed houses with a shop at a cost of UGX. 28,971,244 each. The project was to be completed within a period of one year.

However, in the course of construction, the Contractor informed the Steering Committee about some shortfalls that required extra funding as they could not be overlooked. The issues raised were as follows:

i. Some items in the Contract Bills of Quantities were less than what was

being executed;

- ii. There were items of works which had not been included in the Contract Bills of Quantities but had to be done because they were in the critical path of the project like steel columns at the verandahs, finishing the ceilings on the verandahs and constructing a sewerage system among others.
- iii. There were mistakes made during computation of the original Contract Bills of quantity creating shortfalls.

The Contractor costed the shortfalls and presented them to the Steering Committee for verification. In order to accommodate the additional costs the Steering Committee decided to revise the contract by reducing the number of houses from 108 to 92; and to slightly increase the project cost for phase 1 by UGX. 1,896,391. The period of the contract was also extended for an additional 2 months.

#### 2. Financing of the Project

DFCU Bank was to contribute 90% of the construction cost, while the tenants under their umbrella Kasoli Tenants SACCO were to contribute 10%. The 90% contributed by DFCU Bank was to be recovered from the project beneficiaries over a period of 15 years.

#### 3. The Project Beneficiaries

Eighty nine (89) houses were allocated to the 89 Tenants who had made a down payment of 10% of the total cost of the House. The Kasoli Tents' SACCO allocated the remaining three (3) houses out of the ninety two (92) completed housesunder Phase 1 to three (3) individuals namely; Ms. Taaka Florence (deceased), Mr. Osul Isaac and Ms. Akumu Rebecca Ito Apio Alice Winfred.

However the available documents indicate that the three individuals did not deposit any money as down payment for the houses.

#### 4. Funds for income enhancement for the Beneficiaries of the 92 Houses.

The SACCO received a revolving fund of UGX. 225,855,805 from the Ministry of Lands, Housing and Urban Development for income enhancement for the 92 households to enable them to meet the loan obligations.

#### 5. Land

- i. The land on which Kasoli Housing Project sits on FRV1289 Folio 8. It is registered in the names of Uganda Land Commission but the use was restricted to Kasoli Housing Project-MoLHUD
- ii. The Land Title does not indicate the acreage; and different documents indicate different acreages with the mortgage documents indicating 5.3229 hectares, a title search indicating 3.891 hectares and a measurement by the SGR ground team resulted in 3.77 hectares.
- iii. The land Title indicates 167 plots yet the plots are supposed to accommodate 250 houses. The strip map shows that some houses will overlap

#### 6. Loan Performance

DFCU Bank issued a loan facility of UGX. 2,602,731,191 to Kasoli SACCO on 22<sup>nd</sup> April 2013 against mortgage on the Land Title FRV 1289 Folio 8 under the names of Uganda Land Commission. The terms of the loan were that the loan repayments were to be made by the SACCO at an interest rate of 10% (The

Committee was informed that the Interest rate on the fund provided by UN Habitat-ERSO to DFCU Bank was 2%)

Kasoli Tenants SACCO has so far made a recovery amounting to UGX. 315,234,866 as in the schedule below:

Value Date	Particulars	Amount in UGX
04/12/2015	Loan Recovery	145,909,677
08/01/2016	Loan Recovery	2,000,000
18/08/2016	Loan Recovery	149,909,677
09/08//2017	Loan Recovery	3,464
14/02/2018	Loan Recovery	1,680,489
15/02/2018	Loan Recovery	3,000,000
15/02/2018	Loan Recovery	12,731,559
	Total	315,234,866

Important to note is the fact that two of the beneficiaries namely Nyafamba Sarah and Obbo Godfrey made full payment for their houses.

The outstanding balance including interest is UGX. 3,186,096,558.

The payment schedules of funds released by the Bank to Empire Contractors Limited is as below:

Date	Amount in UGX	Narrative
27/05/2013	750,000,000	Advance
15/07/2013	117,688,440	Advance

The Committee found that Kasoli Tenants SACCO had defaulted on the loan to the tune of UGX. 3,186,096,558 as at 16<sup>th</sup> September 2021. The figure Includes interest.

The Bank undertook drastic measures to recover the mortgage including advertisement for takeover and issuance of eviction notices to the tenants of Kasoli Housing Project.

The MoLHUD prevailed on the Bank to delay the process for 30 days awaiting this Committee report. However at the time of signing this Report an advert for sale by public auction/private treaty by Bemug Strict Auctioneers and Court Bailiffs was placed in the Monitor Newspaper of 28th April 2022. (Attached herewith is a copy of the same as Annex 8)

#### 7. Compensation due to the Tenants of Kasoli

A 1<sup>st</sup> March 2016 letter to the Chairperson of Kasoli SACCO/Housing Estate received from the Project Coordinator of SGR assured the SACCO that it would be fully compensated for the property in accordance with the compensation procedures and Land Acquisition Act Cap, 226.

#### i. Identity of the Claimants

The SGR land acquisition team proceeded to conduct a valuation of the land and took the findings to the Chief Government Valuer (CGV) for guidance. The latter advised that a physical identification of the beneficiaries be conducted before a valuation report of the area can be approved. The beneficiaries were identified and classified into 3 groups namely:

- the 92 who benefited from the 92 constructed houses: a.
- The 33 who were in occupation of the land before the Housing b. Project demolished their houses but had not yet acquired houses;
- The 125 who were in the neighboring slum area waiting for the c. project to reach them.

However several other claims from other individuals and entities came up to include MoLHUD claiming to have given technical support and Tororo Municipality claiming to have graded the roads. This made the would-be beneficiaries to be over and above the initially documented 250 persons.

Another verification exercise was also done by a Security team. The list arising there from was different from the list of the original beneficiaries.

Attached here with are:

- i. Annex 2: comprising of the List of original beneficiaries of the project as availed by the MoLHUD;
- ii. Annex 3: comprising of the list of project beneficiaries as produced by the security team
- iii. Annex 4: comprising of the list as verified by the CGV.

#### ii. Where compensation funds are to be deposited

The Attorney General in his letter dated 17th January 2017 (Annex 5) advised that the compensation funds should be paid in the project account which was opened under the MOU from which DFCU Bank has been debiting for payments of the loan facility.

#### iii. Effects of the delay in compensation

The Attorney General in his letter of 13th October 2016 (Annex 6) advised that SGR should pay for the project as is, that is to say both land and developments

11

thereon. Consequentlyany developments on the property were halted. The delay in compensations coupled with the freezing of any developments on the land has caused them to live in very pathetic conditions. Sanitation facilities are deterioratingday by day particularly in the areas where the slum structures are still standing.

#### 8. Highlights from the Valuation Report

The valuation report approved by the CGV (Annex 7) gave compensation values as follows:

The total project compensation value is at UGX. 8,638,674,421 (Eight billion six hundred thirty eight million six hundred seventy four thousand four hundred twenty one shillings only)

It is broken down to include:

i. UGX. 8,001,758,713 (Eight billion one million seven hundred fifty eight thousand seven hundred thirteen Uganda shillings only) being the figure in the main valuation report done by SGR and approved by the CGV. It covers:

a. Mortgaged land (9.318 acres)	3,270,667,491
b. 92 houses and 1 project office	3,770,465,738
c. 90 structures in existing slum	817,068,304
d. 7 free hold offers from pool housing Committee	143,557,180

ii. UGX. 636,915,708 (Six Hundred thirty six Million Nine Hundred fifteen Thousand seven hundred eight Uganda shillings only) to cover a special category that appears in the report by the CGV. It is comprised of 58 semi-permanent houses demolished before inception.

#### 9. Government position on the loan owed to DFCU Bank

The MoLHUD informed the Committee that Government is willing to pay off the loan to DFCU Bank and return the Land Title to Uganda Land Commission.

#### 5.0 COMMITTEE OBSERVATIONS AND RECOMMENDATIONS

#### 5.1 Observations

The Committee observes that:

## 1. Kasoli Housing Project is a tool for Uganda to work towards meeting the SDGs

The Committee observes that the objectives of Kasoli Housing project furthers Uganda's journey towards achieving the following SDGs:

SDG 3 - Good health and wellbeing

SDG 6 - Clean water and sanitation

SDG 8 - Decent work and economic growth

SDG 11 - Sustainable cities and communities

SDG 17 - Partnership for the goals

#### The project promotes:

• SDG 3 through its objectives V and VI which aim at improving the physical and urban environment of Kasoli Settlement; and the overall improvement of housing conditions respectively.

• SDG 6 through its objective II which is to provide access to basic infrastructure and services for the 250 households. Clean piped water is one of the services that had been provided.

- SDG 8 through object IV which is to increase the income generation capacity of members of the Housing Association.
- SDG 11 through objectives I, II, III, V, VI and VII which are as follows:
  - o provide security of tenure over land and houses for 250 house holds
  - o provide access to basic infrastructure and services for 250 households
  - o provide access to housing finance for 250 low income earners
  - o improve the physical and urban environment of Kasoli settlement
  - o the overall improvement of housing conditions
  - o test bringing housing finance to households with the lower income thresholds.
- SDG 17 is seen in the financing arrangement in that UN Habitat-ERGO contributes an equivalent of USD 500,000 to loan finance the project.

It is therefore important that the project is implemented elsewhere upon compensation by SGR.

#### 2. Failure of the beneficiaries to meet loan Obligations

The Committee observed that Government has had a hand in the failure of the beneficiaries of Kasoli Housing Project to clear their loan obligations. The Attorney General in his letter dated 17th January 2017 noted that MOU for the partnership provided that the land was supposed to be transferred to the beneficiaries but this has not yet been done. He recommended that the title be transferred to Kasoli Tenants SACCO which shall in turn transfer it to SGR for purposes of compensation.

The notice given to the beneficiaries on 1st March 2016 to the effect that the SGR intended to take over the project and compensate them led them to believe that they could rely on the compensation money to clear their loan obligations

1.000

Delays in the compensation process were occasioned by MoLHUD not following the advice of the Attorney General to transfer the land title to Kasoli Tenants SACCO.

It is therefore unrealistic to expect the tenants to pay back the loan from their incomes well knowing a notice of takeover has been issued; moreso with the fact that the tenants became economically handicapped following the Attorney General's letter of 13<sup>th</sup> October 2016 that advised SGR to pay for the project as is resulting in a halt of any developments on the property.

#### 3. Protection from deprivation of property

Article 26 of the Constitution of the Republic of Uganda provides for the protection from deprivation of property for every person.

The Committee observes that the tenants of Kasoli Housing Project; both those who had acquired houses and those who had not yet benefited from the project are at a risk of being deprived of their property because:

- i. There is no guarantee that the bonafide beneficiaries will actually benefit from the compensation because other claimants are coming up; and the two list of beneficiaries submitted to the Committee by different stakeholders have differences.
- ii. The continued delay in compensation also jeopardizes the chance of getting alternative land with the compensation price because the value of land is continuously appreciating and the cost of building materials increasing.

ii. The tenants could lose their property if the process of foreclosure is

completed.

1

#### 4. The Valuation Report

The Committee observes that a newgroup to be compensated by SGR comprising of 58 semi-permanent houses demolished before inception wasnot included in the SGR valuation report that was approved by the CGV. The new groupwas valued directly by the Office of the CGV andtheir compensation costed at UGX. 636,915,708.

The Committee observes that some individuals whose names appear on the list under this new category had already been compensated by SGR there casting doubt on the genuineness of the list.

#### 5. Sale of the Property by Bemug Auctioneers and Court Bailiffs

The Committee observes that the MoLHUD committed itself to pay the outstanding loan with DFCU Bank in writing and meetings held to this effect. However, on 28th April 2022 Bernug Auctioneers and Court Bailiffs placed an advert for sale of the same, implying that Government will have to pay the new owners and at a higher value.

#### 5.2 Recommendations

The Committee recommends that:

- 1. Government should as a priority clear the outstanding mortgage with the DFCU Bank and get back the Land Title to avoid accumulation of interest.
- 2. The SGR be provided with UGX. 4,231,292,975 to cover the verified PAPS as per its valuation Report and broken down as follows:

i. PAPs in the 92 houses and 1 project office

3,770,465,738

0,,,,,,

I Landro

Douglast

- ii. PAPs in the 90 structures in existing slum 817,068,304
- iii. The 7 free hold offers from pool housing Committee 143,557,180
- 3. The UGX. 3,270,667,491 for the Mortgaged land (9.318 acres) as valued by SGR and approved by the GCV should only be paid to the MoLHUD for land acquisition if Government is going to replicate the project elsewhere; otherwise Government cannot pay itself.
- 4. The Compensation awards for the structures on the Kasoli land should be deposited on the individual accounts of the respective beneficiaries. The SACCO should be notified about the direct payment so that it deals with its members individually.
- 5. The Committee recommends that Government should halt the Sale of the property by Bemug Auctioneers and Court Bailiffs since SGR has commenced the compensation of beneficiaries in Tororo District.

#### 6.0 CONCLUSION

The Committee recommends that this Report be adopted.

I beg to move.

#### Re: A PETITION IN THE MATTER OF KASOLI TENANTS SACCO LTD / KASOLI HOUSING PROJECT

Kasoli Housing Project is a pilot, private/public partnership project in the country geared at improving slum housing conditions of Ugandans in Tororo district; and Kasoli slum dwellers in particular.

In 1988 a vision was conceived by the slum dwellers of Kasoli to change the pathetic housing conditions of a dirty, densely populated, unplanned slum village that they were living in to a conducive healthy environment estate of low income grade houses.

Hence in 2003 the community members organized themselves, formed and registered Kasoli Tenants SACCO LTD (K.T.S) to pilot the Kasoli housing project (K.H.P).

250 families were identified with over 2000 people to benefit in this project. The beneficiaries were property owners in the Kasoli slum area seated on 5.5 hectares of land; that belonged to the Uganda lands commission (ULC).

In 2010 a memorandum of understanding was signed between five stake holders: i.e Kasoli community represented by Kasoli tenants SACCO, Government of Uganda under the Ministry of lands Housing and Urban development (MLHUD), UN Habitat, DFCU Bank and Tororo municipal council; The five were to cordially steer the construction of the Project.

The memorandum, gave land to the sitting tenants of Kasoli as a Government contribution at a minimal cost; this was later waived off to make the houses affordable to the beneficiaries

In 2012, implementation started by identifying and signing a contract agreement between Kasoli Tenants SACCO and Empire contractors.

The beneficiaries paid an advance deposit of 10% of the expected cost of the houses, while the bank loan duration is to take fifteen to twenty years.

2016, the first phase of the project was completed with 92 houses built and those beneficiaries who had deposited the 10% requirement were allocated houses that are now in their possession. The rest of beneficiaries were to wait on for the second phase.

As we were preparing house warming party with our development partners to enter our improved estate, we received a letter dated, 1<sup>st</sup> March, 2016 from Standard Gauge Railway (SGR) informing us of their intention to acquire land for the construction of SGR station and that it was affecting the whole Kasoii Housing project area. (letterattach).

A meeting of community stakeholders/ Board members was immediately convened and adopted a resolution to agree with the proposal to give way for the new development.

#### Our concerns therefore are:

- Kasoli Tenants SACCO on behalf of the beneficiaries acquired a loan facility now totaling to 3,186,096,558 from DFCU bank that we need to clear immediately payment is made.
- Notices of default were served to Kasoli Tenants SACCO by Sebalu and Lule Advocates representing DFCU bank, on 17<sup>th</sup> March, 2020 and on 12<sup>th</sup> Nov.2020. Also On 23<sup>rd</sup> April 2021 and 19<sup>th</sup>, Sept, 2021 eviction notices were served by Bemug Strict Auctioneers and court bailiffs giving us only 30 days to clear all outstanding loan or vacate property within 14days from the date of service; and yet the loan terms between ERSO and DFCU is fifteen (15) years according to the MOU. Page 2 & 4 (See attached documents)
- The vision and mission of Kasoli Housing Project is threatened of extinction which should be protected if possible.
- Rising encumbrances for the beneficiaries due to stalled activities,
  - Those whose sharks were destroyed to allow construction are either forced to share living houses or rent for now six years!
  - Those still stuck in their sharks are living in pathetic conditions as they are not allowed to improve on them.
  - Sanitation facilities are deteriorating each day that pass without a hope of rebuilding them.
  - Those who should have acquired land in some other places and set up their own buildings can't do it because of delayed payment and yet the value of land is going up every other day.
- A misbelief we hear, fronted by SGR that they don't know whom to pay; that
  the land the project occupy belongs to government (ULC), whereas
  technically not. See attached documents and recommendations by the
  Attorney general.

We are therefore petitioning your urgent intervention in this matter.

Thank you.

## PARTNERSHIP BETWEEN DFGU, UN HABITAT AND NAGULI HOUSING ASSOCIATION FOR CONSTRUCTION AND MORTGAGE FINANCE

#### About the Project

The ERSO Kasoli Housing project aims to establish a Public Private Partneship between Central and local government; the community; UN-Habitat and DFCU bank to pilot an initiative of low cost mortgage finance for slum upgrading that will lead to an improved environment, standards of living and enhanced household productivity of the beneficiaries.

Government will provide land at a nominal cost, technical support, household income enhancement and share overhead costs. UN Habitat will provide a line of credit of the equivalent of US \$ 500,000 in Ugx to DFCU which will in turn match the fund and on-lend the same to the developer and end buyers (beneficiaries). The total project is estimated to benefit 250 households currently residing in Kasoli low income high density settlement of Tororo Municipality. The project land is estimated at five (5) hectares.

Project Title:	Kasoli Housing Development
Project Location:	Tororo Municipality, Eastern Uganda
Duration:	two years of construction and 15 years of cost recovery
Delivery Model	DFCU will provide construction finance to the developer and mortgages to the end-
	customers
Overali Codi:	The everall goal of the project is to proceed a low cost materiage for a great overall objective of improving the quality of life/conditions of living of the current residents of Kasoli, a slum area in Tororo Municipality while contributing to (in full) and making profit for the developer and DFCU

Tororo Municipality(vice chair), Municipal division (where Kasoli is located), Kasoli Housing Association as representative for the end-takers, project manager (secretary), DFCU, and UN-Habitat. A representative for the developer or any other to attend on invitation. Apart from providing guidance to the implementation (e.g. advice on selection of developer), the steering committee would also deal with issues to do with policies, regulations and financial requirements. It will also be responsible for the daily project management (through the project staff), monitoring and evaluation of project implementation

#### The Project Resources

#### Human Resources

The project will recruit the following full time staff:

- 1. Project manager.
- 2. Social worker
- 3. Administrative officer
- 4. Cleaner/massager いっぷっちゅう

The Ministry will provide the following support professionals on a need basis

- 1. An Architect
- 2. A Quantity surveyor:
- 3. An Engineer
- 4. A urban sociologist
- 5. A Housing officer
- 6. An estate manager

Tororo Municipality will provide the following professional (services) under the same arrangement as the ministry:

- 1. Physical Planner
- 2. Engineer
- Community Development officer

- 4. Environment officer and
- 5. Any other professional that may be required from time to time.

The developer will provide the following key personnel:

- 1. An Engineer (civil and Electrical)
- 2. Construction manager
- 3. An Architect
- 4. Several technicians and artisans as deemed appropriate to accomplish the assignment within the set timeframe.

DFCU will provide loan officers to do loan administration and portfolio management and also customer education.

#### Other Resources

For loan administration purposes DFCU will use its existing systems. The Steering Committee could further identify other useful resources required for the smooth and holistic development of Kasoli Housing project.

#### a) Contractor ...

The contractor shall be selected by DFCU Bank and the Kasoli Housing association in consultation with other stakeholders. Selection will be made basing on experience in low cost construction materials and technologies, financial strength and overall costs. Selection will be conducted through a public bidding process.

#### b) Lending criteria

The selection criteria will be based on the following:

- KHA will vet eligible members based on their agreed criteria including but not limited to the fact that the beneficiary is a current resident of the Kasoli village.
- KHA will provide a schedule of all beneficiary members, attach the house hold survey form for each applicant
- DECU will obtain all other documentation in line with its credit policies and requirements.
- ✓ Eligibility criteria Income of at least Ugx 250,000/= p.m.
- Age Head of household/principal borrower / or alternative member of the household party to this borrowing up to 55 years at the time of retiring the loan
- ✓ Loan repayment period Up to 15 years
- Loan amount Up to 90% of the cost of the house
- ✓ Security The house being purchased

#### c) Portfolio monitorina

DFCU Mbale branch will be charged with monitoring the project with assistance from Head office. The Branch shall ensure the repayments are collected from the members through KHA. It is recommended that KHA operates an a/c with DFCU Bank Mbale where the collections are banked. The Manager in Mbale shall be expected to visit the project every month to establish progress and identify any early warning signs of default.

6

IM K.

مهيء ك

#### d) in the event of default

In the event of default the KHA shall be notified and advised to recommend another member to take up the mortgage facility within one (1) month. Otherwise the Bank shall proceed to advertise and sell off the property to anyone they deem eligible as per the Bank credit policies.

#### e) Surveying, road network and utilities

f)

STATE OF THE STATE

These are to be provided for by the Government and Tororo Municipality. .

#### g) Technical assistance - Financial literacy

UN Habitat is expected to provide financial literacy training for the benefit of the Executive and members of the KHA.

#### Key risk areas

#### a) Credit risk

DECU will have risk of defaults in the loan portfolio that will be mitigated as follows.

Pisk management costs are to be recovered from cost of land factored in the overall lending to perfections shall constitute the risk fund managed through an escure account who so operations shall be defined in the agreement.

The proposed income stabilization contribution is however expected to boost the household income hence improved repayment.

The properties are family property and due to the sentimental attachment the repayment risk is expected to be low.

#### b) Contractor/ project implementation risk

A reputable contractor will be hired to do the construction. They will be required to submit a performance bond from either a reputable insurance company or financial institution. The contract with the developer will include a fixed price. The developer therefore will have the risk of price increases of material and labor. Since the construction period is short, the price risk can be contained. The presence of the steering committee and project implementation office will ensure quality and completion within given timelines.

#### c) Currency Risk

UN-HABITAT will provide a loan to DFCU in local currency, since the loans to the end-customers will also be provided in Ugandan Shilling. On payment date the local currency equivalent will be determined. UN-HABITAT will carry any losses resulting from currency risk.

#### d) Management of the Housing Association

This is a very young association and the executive is inexperienced in the running of associations. However there will be capacity building as part of the programme and the executive will be some of the beneficiaries.

7

man L C.

N

e) Income levels of the beneficiaries

The loans shall be granted to only those members that meet the lending criteria i.e. minimum income of 250,000/=. A socio economic survey has been conducted to establish the incomes and this will be used as a basis for the allocation of the houses.

Policies and procedures

The administration of both the funding by ERSO for the loans to the developer and the end-users will be done by DFCU using its regular systems. DFCU will also administrate the monitoring and evaluation information as requested by ERSO eg. the number of customers served, default percentages etc. The overall responsibility of the project will be in the hands of the Ministry of Land, Housing and Urban Development, being also the chair of the Steering Committee.

## GOVERNMENT COMMITMENT ON KASOLI HOUSING PROJECT

Reference is made to the meeting held between you, the Director Housing (Amb. Agrange & Albhala) and the Principal Housing Officer (Khayangayanga Dave) in your office on Friday 8th February, 2013 in which you taked the issue of Covernment commitment to the project that have to be fulfilled.

This is to confirm that as per the project business plan the Government through the Ministry of Lands, Housing and Urban Development is committed to continue fulfilling its part of the obligations, which incidentally it has already started working on as indicated below:

- i. The Ministry has already surveyed all the land for the project and the block certificate of title is with you as earlier requested by your office. Individual deed plans are also available awaiting house/plot allocation,
- ii. The Ministry has produced all the Architectural plans for a) 2-bedroom unit, b) 3-bedroom unit and c) 2-bedroom+shop unit and has had them approved by Tororo Municipal Council,
- iii. The Ministry has already opened and drained some of the project roads namely; Kasoli Road, Kasoli lane, Chemwoko Road, Otieng Lane and Tenants Road,
- iv. The Ministry has recruited the following technical field staff a) Project Manager b) Social Worker c) Administrative Assistant and d) Office Attendant, all of whom have been on the Project payroll since November 1st, 2010,
- v. The Ministry has continued to provide Technical back-up support with Architectural services, Engineering services, quantity surveying and general social and project management work related to community mobilization,

The Ministry has committed Ug. Shs 352,000,000 for the project during the coming Financial Year and will continue to do so during project implementation. This money will go towards income enhancement, technical backup support and overhead costs including project staff salaries.

The above commitments take care of article 2 and 4 of the partnership agreement signed with you on 13/04/2010.

The Ministry believes that with this explanation and confirmed commitment, there shouldn't be any further delays in releasing funding to the contractor to enable him commence implementation of the project.

The purpose of this letter is to update you as above and pledge governme. seeminued framedal support to the project.

I thank you for your cooperation,

5.

Equal principal installments together with interest of UGX.2,968,750,000 (Uganda Shillings Two Billion Nine Hundred Sixty Eight Million Seven Hundred Fifty Thousand Only) and shall be repaid in one bullet installment, after expiry of the Facility tenor.

The Bank is hereby authorized to debit the Borrower's current account for each repayment on the due date. The Borrower undertakes to maintain the current account in credit with sufficient funds to meet both principal and interest payments as and when they shall fall due. In the event that there are insufficient funds to meet the repayment obligations on the due date, the Bank shall be entitled to debit and overdraw the account. A temporary overdraft account shall be created for the Borrower with respect to such overdraft and the terms applicable to the Facility shall be equally applicable to the temporary overdraft until fully

regularized. The overdraft shall be repayable on demand and save as herein provided, the Borrower shall not be entitled to, at any time, overdraw the current account.

- All repayments shall be made in the same currency as the currency in which the Facility was advanced. If any sum due from the Borrower under this Facility, or any order, judgment or award given or made in relation to the Facility, is paid in another currency other than the currency in which the Facility was advanced and any payment has to be converted for the purpose of meeting any obligation due, the Bank shall apply its applicable exchange rates on the day of conversion. If as a result of the conversion there is any cost, loss or liability, the Borrower shall as an independent obligation, within 7 (seven ) Business Days of demand, indemnify the Bank against such cost, loss or liability.
- 5.4 All payments and other funds received by the Bank will be applied in the following order:
  - a) first to the payment of any fees and charges due under the Facility; and
  - b) then to any obligations for the payment of expenses, costs and indemnities due under the Facility Letter; and
  - c) then to the principal indebtedness due under the Facility Letter.
- 6. PRICING

#### 6.1 Interest Calculation

Interest under the Facility will be computed daily and calculated, accrued, imposed and payable on the basis of a 360/365, for USD and UGX respectively, day year for the actual number of days elapsed. Interest will begin to accrue on any amounts advanced to or on behalf of the Borrower under the Facility Letter on and as the date such funds are advanced.

#### 6.2 Interest Rate

Interest will be charged on a fixed rate basis and shall be the aggregate of:

- i) the Bank's Prime lending rate (currently 22% per annum); minus
- ii) a margin of 7 points per annum giving an effective fixed rate of 15% per annum.

Interest will be charged monthly in arrears to the debit of the Borrower's current account on the outstanding balance on the Facility advanced.

#### 6.3 Default Interest

Any amount due and not paid on its due date (the overdue amount) shall thereafter (both before and after judgment) attract default interest at a rate which is 3.5% per month on the arrears, until the amount is repaid, or the Facility is reviewed.

The Bank reserves the right to change the interest rates and method of calculating interest at any time, at its sole discretion in line with market conditions and or the risk rating of the Facility. The changes in the interest rates may be published by the Bank in any national newspaper. The Borrower will be notified of such changes 30 (thirtý) days in advance before implementation, is effected.

8.3

8.4

The Borrower shall pay to the Bank the following fees:

- 6.4.1 a non refundable Facility Arrangement fee of 1.5% of the Facility amount or UGX.37,500,000 (Uganda Shillings Thirty Seven Million Five Hundred Thousand Only);
- 6.4.2 a non refundable Legal fee of 1.5% of the Facility amount or UGX.37,500,000 (Uganda Shillings Thirty Seven Million Five Hundred Thousand Only);
- 6.4.3 and all registration fees, stamp duty and other charges that shall or may be required in registering and perfecting the security(ies); and
- 6.4.4 any other fees, commissions and charges shall be paid in accordance with the Bank's standard tariff, subject to change from time to time and as shall be availed to the Borrower by the Bank on request.

#### 7. AVAILABILITY PERIOD

Subject to fulfillment of the conditions precedent for drawdown the Facility is available for drawdown until cancelled in writing by the Bank, for a period 15 (Fifteen) months inclusive of a grace period of 12 (Twelve) months from the date of first disbursement. This notwithstanding, the Facility(ies) is/are repayable on demand in which event the Facility(ies) shall immediately become due and payable and the Bank shall not be obliged to give any notice prior to the demand.

#### 8. EARLY REDEMPTION/PREPAYMENT

8.1. The Borrower shall be entitled to prepay the Facility in whole or in part, such partial prepayment not being less than one third (1/3) of the outstanding Facility, by giving the Bank thirty (30) days notice of intention to prepay, specifying the date upon which the relevant prepayment is to be made and the amount of that prepayment. Any notice of prepayment shall be irrevocable.

The prepayment shall be made by paying the prepayment amount, together with accrued interest on the amount and all costs related to the Facility(ies), as well as a commission of 2% of the total prepayment amount.

The Borrower, however, shall not be entitled to re-borrow any prepaid sums.

Notwithstanding the above, the Facility shall be repayable on the Bank's first written demand.

Any amount due and not paid on its due date (the overdue amount) shall thereafter (before and after judgment) attract a penalty charge at the rate of 3.5% per month on arrears until the amount is repaid or fully repaid. The Bank reserves the right to charge an arrears administration fee of 2%. This notwithstanding, the Facility is repayable on the first written demand by the Bank.

SGR/MOWT/2015/003

1st March 2016

Mr Ogwang Stephen Board Chairperson Kasoli SACCO Housing Estate TORORO

DEVELOPMENT OF THE STANDARD GAUGE RAILWAY (SGR) - ACQUISITION OF RIGHT OF WAY

Government of Uganda intends to construct the Standard Gauge Railway Eastern Route which runs from Malaba-Kampala and passes through 11 districts of Tororo, Butaleja, Namutumba, Iganga, Luuka, Mayuge, Jinja, Buikwe, Mukono, Wakiso and Kampala City. The alignment detail is based on the agreed design speed of 120km per hour. This project is in line with the country's Vision 20140 and the National Development Plan II aimed at stimulating the socio-economic transformation by reducing significantly the cost of doing business and improving the country's competitiveness.

The required land for this project have made gazette via Statutory Instrument No.64 of 2015 and or liand acquisition team has already commenced the survey work.

The Kasoli Housing Estate will be affected by the SGR alignment. In the interest of the public good and achieving the greater objectives of the Government on infrastructure development, you will be expected to relocate.

Government will undertake to compensate you fully in accordance with the Government compensation procedures and the Land Acquisition Act Cap. 226.

At an appropriate time, the SGR Project team will visit you to undertake the survey, valuation and subsequent discussion on this development.

We kindly request your full cooperation. For further inquiries or clarification, please contact Eng. Alfred Obong Area on e-m: Alfred.obong@sgr.co.ug and tel. 0772.594035.

COMPENSATION DUE TO KASOLI TENANTS' CO-OPERATIVE SAVINGS AND CREDIT SOCIETY LTD. HOUSING ESTATE PROJECT

Yours dated 11th October 2016 on the above subject refers.

This is to clarify that at the stakeholders' meeting in our Boardroom, it was agreed as you state in your letter, that the Kasoli Project be replicated at another senue for the benefit of the intended beneficiaries.

It was further agreed that compensation be paid into the project account for purposes of implementation of the project.

Since the agreement was that the compensation money should enable the replication of the project elsewhere, it follows that SGR should pay for the project as is, that is to say, both land and developments thereon, so that the project can acquire alternative land and develop it as conceived.

I hope this clarification puts the matter to rest.

FAILURE BY GOVERNMENT TO COMPENSATE KASOLI TENANTS COOPERATIVE SAVINGS, CREDIT SOCIETY LTD AND UGANDA LAND COMMISSION

Reference is made to a letter from M/s. Osinde Sentomero Himbaza dated 24th January 2017 Ref. OSH/186/G/2016 who are representing Kasoli Tenants Cooperative Society Limited to the Hon, Deputy Attorney General on the above subject seeking legal advise on the two issues listed below: -

- 1. Whether the Kasoli Tenants Cooperative Savings and Credit Society Ltd can hold the land?
- 2. What is the appropriate way forward?

We advise as follows:

1. Whether the Kasoli Tenants Cooperative Saving and Credit Society Ltd can hold the land?

On 16th May, 2003, the Karoli Tene.—Cooperative Sovings and Credit Society and was registered as a cooperative society under the provisions of section 1 (2) of the Cooperative Societies Act.

According to Section 28 of the Cooperative Society Act, "a society on registration shall become a body corporate by the name under which it is registered, with perpetual succession and a common seal, and with power to hold movable and immovable property of every description, to enter into contracts, to institute and defend suits and other legal proceedings and to do all things necessary for the purpose of it, constitution."

By virtue of its registration with the Registrar of Cooperative Societies as per the aforementioned law, the Kasoli Tenants Cooperative Savings and Credi. Society Ltd can hold land. It suffices to note that in the MOU the land was supposed to be transferred to the beneficiaries but this has not been effected.

### 2. What is the appropriate way forward?

Following from the position in issue, we recommend that the title is transferred to Kasoli Tenants Cooperative Saving, and Credit Society Ltd, which in turn shall transfer it to SGR for purposes of compensation. The compensation should be paid in the project account which was opened under the MOU from which DFCU Bank has been debiting for payments of the loan facility. The joint bank account which has the Permanent Secretary, Ministry of Lands as co signatory with the Association should be opened with the written authority of the Accountant General in accordance with Section 33(2) Public Finance Management Act 3/2015

It was agreed at an inter — ministerial meeting I chaired, that the Housing Project should be replicated to another site and continue as was conceived. I so ar vise.

ADM/9/181/01

14th June, 2017

Permanent Secretary, Ministry of Lands, Housing and Urban Development, P.O. Box 7096, Kampala.

GOVERNMENT TO COMPENSATE FAILURE BY KASOLI COOPERATIVE SAVINGS, CREDIT SOCIETY LTD AND UGANDA LAND COMMISSION.

Reference is made yours dated 2<sup>nd</sup> March 2017 of reference no. ADM/KHP 110/173/02. Refer to ours dated 17th February, 2017 of reference no. ADM.7/181/01.

According to your-communication you are faced with difficulties for which you require an audit as such you cannot implement our recommendations which you request should be deferred.

We hereby advise as follows:

We note that difficulties numbered 1, 3 and 4 regard the right person(s) to compensate. Suffice it to state that the Memorandum of Understanding executed on 13th April 2010 with the intention of implementing a lowincome Housing Project in Tororo Municipality, is the foundation upon which the rightful claimant(s) can be ascertained. The MOU was executed between the Kasoli Tenants Cooperative Savings and Credit Society Limited, UN-Habitat, DFCU Bank, Tororo Municipal Council and Ministry of Lands, Housing and Urban Development. The beneficiary in the MOU is Kasoli Tenants Cooperative Savings and Credit Society Limited, a body corporate with perpetual succession and with power to hold movable and immovable property of every description, to enter into contracts, to institute and defend suits and other legal proceedings. (Section 28 Cooperative Societies Act). In the premises it is the rightful person to be compensated. It is reiterated that it has legal capacity. Therefore it is not necessary to consider individual interests, rights and/or obligations on the various plots of land. To do so would be contrary to the intention for which the MOU was executed and subsequent funding provided therein. Further the debt owed to DFCU shall be difficult to recover if the compensation is given to individuals. It is DFCU to verify the mortgage balances of any mortgagors and this can be undertaken when the compensation is paid into the account. As communicated in our letter dated 17th February, 2017, the compensation should be paid in the project account which was opened under the MOU from which DFCU Bank has been debiting for payments of the loan facility.

- Difficulty 2, 5 and 6 are administrative glitches which should not be visited on the Project and the PAPs. Notably the Project is delayed and overdue. Then the PAPs are definitely inconvenienced by the stalling of the housing project. Article 26(2)(b) (i) of the Constitution is steadfast on the prompt payment of fair and adequate compensation, prior to the compulsory taking of possession or acquisition of property. (ref: Advocates For Natural Resources, Governance & Development & Others Vs. Attorney General & Amether, Constitutional Petition no. 40 of 2013). Therefore issues such as rormulating a new compensation committee, ascertaining property values and unavailability of records to ascertain audit queries are impediments to the progress of the Projects (SGR and Kasoli Housing) and to the prompt payment of compensation to the PAPs.
- With regard to deferring the recommendations of this office, it suffices to state that the legal advice of the Attorney General derives credence from Article 119 of the Constitution. The Supreme Court in Bank of Uganda Vs Banco Arabe Espanol SCCA 8/1998 held that "the opinion of the Attorney General should be accorded the highest respect by government and public institutions and their agents. It is improper and untenable for any public institution or body in which the Government of Uganda has an interest to question the correctness or validity of that opinion in so far as it affects the rights and interests of third parties."

The legal advice which was communicated by this office in the letter dated 17th February 2017 had previously been provided in several meetings held and chaired by the Deputy Attorney General. The letter was reflecting the agreed positions as per the meetings. Therefore you may seek clarity or guidance but not defer the Attorney General's legal advice. In the premises we reiterate our earlier advice in the letter dated 17th February, 2017.

RE: THE SECURITY VERIFICATION EXERCISE REPORT OF BENEFICIARIES OF KASOLI HOUSING PROJECT WHICH WAS HELD FROM 26<sup>th</sup> MAY, 2016 TO 17<sup>th</sup> JUNE 2016 IN TORORO DISTRICT.

#### 1.0 INTRODUCTION:

The Tororo District Security Team headed by RDC was tasked by SGR Management to establish the different categories of PAPs in Kasoli zone, Kasoli ward, Eastern Division, Tororo Municipality in Tororo District.

The RPC and RISO Bukedi played a big role in guiding the Tororo Security team, Kasoli ard, the Beneficiaries and SGR officials during the implementation of the above exercise.

#### 2.0 OBJECTIVE:

To establish whether the alleged 250 beneficiaries of Kasoli housing project down ist.

#### 3.0 SCOPE:

The investigations covered the criteria on how the beneficiaries acquired the allocations/shares in the Kasoli housing project since its commencement in 2009.

#### **METHODOLOGY:**

#### 4.1 DOCUMENT STUDY:

The following documents were obtained and analyzed.

- (1) Allocation/verification letters
- (2) Valid sales agreements
- (3) Valid identification cards
- (4) Valid passports photo

#### 5.0 FINDINGS:

The following are the different categories of Kasoli housing project beneficiaries;-

- i Category 92 Beneficiaries (those with new houses at the site under phase one).
- ii. Category 125 Beneficiaries (those who were waiting for the 2<sup>nd</sup> phase of the construction).
- iii. Category 33 Beneficiaries (are those whose houses were demolished but missed being in phase one construction)
- 5.1 All the 250 beneficiaries in the Kasoli Housing Project do not have land titles or certificates to show ownership of the land.
  - 5.2 The Kasoli Housing project officials did not have an updated and accurate inventory of the PAPs in the Kasoli Housing project before the exercise.
  - **5.3** The 250 beneficiaries did not know the planned activities and actual costs towards land acquisition process for Kasoli housing project. Some prefer to be paid cash instead of building for them houses.
  - Majority of the current Kasoli Housing project tenants bought shares from the original tenants when the issue of DFCU Bank mortgage was introduced in 2012/2013. Those who sold claimed that it was an expensive venture on their side since each beneficially was to pay 400,000/- per month for a period between 15 to 20 yrs to cover the mortgage.
  - 5.5 Some of the 250 beneficiaries bought shares for their children who are below 18 years.

- **5.6** The following are the other stake holders of Kasoli Housing Project.
  - 1- DFCU Bank
  - 2- UN Habitant
  - 3- Ministry of Lands Housing and Urban development
  - 4- Kasoli SACCO Tororo
  - 5- Tororo Municipality
  - 6- Tororo DLG.

The above stake holders should be brought on board by SGR Management if we are to have a successful exercise.

- **5.7** The Beneficiaries did not know the compensation strategy of SGR officials in details.
  - Majority of the Rasoli housing project beneficiaries met the requirements of section 4.1 of this report.
- **5.9 Annex A** indicates the six Kasoli beneficiaries who did not turn up for the verification exercise.

### 6.0 OBSERVATION:

- 6.1 It was observed that beneficiaries with houses at the project site wanted the SGR officials to allow them take their materials like iron sheets, windows and doors when their houses are demolished.
- 6.2 It was noted that there were ten (10) PAPs with road side stalls but not beneficiaries of Kasoli housing project. Refer to Annex B.
- 6.3 There are fourteen (14) PAPs with markets stalls but not beneficiaries of Kasoli housing project. Refer to Annex C.
- 6.4 There are 14 FAPs in the Estate with property/ shelters but are not beneficiaries of Kasoli Housing project. Refer to Annex D.
- 6.5 There are over **300 Graves** which are outside Kasoli Housing project but within the area of the proposed Railway station of SGR.

- Some of the beneficiaries claimed to have old structures in kasoli housing project which is not correct according to Kasoli project officials. Refer to their verification security forms.
- A total of six applicant's forms did not meet the required Standard criteria for the exercise and were rejected by Kasoli board after our consultations. Refer to the report of beneficiaries.

#### 7.0 CONCLUSION:

It is true that a total of 250 beneficiaries do exist, whoever some are out of the country. A total of 244 beneficiaries verification forms were vetted during the exercise.

#### 8.0 RECOMMENDATION:

- 4-1

In view of the findings, observations and conclusion drawn above, it is recommended hat;-

- The absolutes beneficiaries of Kasoli housing project need to be traced
- **8.2** The SGR Sociologists team should carry out further counseling for Kasoli PAPS before any compensation takes place.
- 8.3 The grievance and appeal desk should be in place to handle all the complaints during the display.
- 8.4 The Kasóli beneficiaries must be briefed about the new developments of the projects before, during and after the final verification exercise by SGR.
- 8.5 SGR officials and Kasoli housing project officers must provide the Tororo security team with the final list of the 250 beneficiaries after the display exercise.
- 8.6 The beneficiaries of Kasoli Housing project should be encouraged to check for their names during the display of beneficiaries' list by use of Radios and in the print media.
- **8.7** The other PAPS of kasoli Zone who are not part of the 250 should also be compensated.
- 8.8 We need to buy 15 box files, so that each accommodates a total of 50 original security verification forms. The following officials RDC/DISO, Kasoli Housing

- Project Chairman and SGR are to get the original copies of the 250 beneficiaries.
- 8.9 Kasoli Board Chairman must show the District Security Team the new identified Logd for the project before any transaction implementated.
- **8.9.1** Kasoli Board Chairman must show the District Security Team the new identified land for the project before any transaction is implemented.

FAILURE BY GOVERNMENT TO COMPENSATE KASOLI TENANTS COOPERATIVE SAVINGS, CREDIT SOCIETY LTD AND UGANDA LAND COMMISSION

Reference is made to a letter from M/s. Osinde Sentomero Himbaza dated 24th January 2017 Ref. OSH/186/G/2016 who are representing Kasoli Tenants Cooperative Society Limited to the Hon. Deputy Attorney General on the above subject seeking legal advise on the two issues listed below: -

- 1. Whether the Kasoli Tenants Cooperative Savings and Credit Society Ltd can hold the land?
- 2. What is the appropriate way forward?

We advise as follows:

1. Whether the Kasoli Tenants Cooperative Saving and Credit Society Ltd can hold the land?

On 16th May, 2003, the Kasoli Tener. Cooperative Savings and Credit Society and was registered as a cooperative society under the provisions of section f (2) of the Cooperative Societies Act.

According to Section 28 of the Cooperative Society Act, "a society on registration shall become a body corporate by the name under which it is registered, with perpetual succession and a common seal, and with power to hold movable and immovable property of every description, to enter into contracts, to institute and defend suits and other logal proceedings and to do all things necessary for the purpose of its constitution."

By virtue of its registration with the Registrar of Cooperative Societies as per the aforementioned law, the Kasoli Tenants Cooperative Savings and Credi. Society Ltd can hold land. It suffices to note that in the MOU the land was supposed to be transferred to the beneficiaries but this has not been effected.

#### 2. What is the appropriate way forward?

Fellowing from the position in issue, we recommend that the title is transferred to Kasoli Tenants Cooperative Saving and Credit Society Ltd, which in turn shall transfer it to SGR for purposes of compensation. The compensation should be paid in the project account which was opened under the MOU from which DFCU Bank has been debiting for payments of the loan facility. The joint bank account which has the Permanent Secretary, Ministry, of Lands as co signatory with the Association should be opened with the written authority of the Accountant General in accordance with Section 33(2) Public Finance Management Act 3/2015

It was agreed at an inter - ministerial meeting I chaired, that the Housing Project should be replicated to another site and continue as was conceived. I so advise.

COMPENSATION DUE TO KASOLI TENANTS' CO-OPERATIVE SAVINGS AND CREDIT SOCIETY LTD. HOUSING ESTATE PROJECT

Yours dated 11th October 2016 on the above subject refers.

This is to clarify that at the stakeholders' meeting in our Boardroom, it was agreed, as you state in your letter, that the Kasoli Project be replicated at another sense for the benefit of the intended beneficiaries.

It was further agreed that compensation be paid into the project account for purposes of implementation of the project.

Since the agreement was that the compensation money should enable the replication of the project elsewhere, it follows that SGR should pay for the project as is, that is to say, both land and developments thereon, so that the project can bequire alternative land and develop it as conceived.

I hope this clarification puts the matter to rest.

MINORITY REPORT ABOUT THE KASOLI HOUSING PETITION THAT WAS PRESENTED ON THE 5<sup>TH</sup> OCTOBER 2021.

(Charles)

May 2022

#### 1.1 Introduction.

The issues raised in this Minority report are based on the Kasoli Petition, the National Development Plan III (Goal number 12), the Ministry of Lands, Housing and Urban Development, Works and Transport and other key stakeholder's presentations before the committee.

Pursuant to Rule 205 of the Rules of Procedure of the Parliament of Uganda, I hereby present a dissenting opinion from the main report of the Committee.

The points of dissent are as follows;

- 1. Failure of the Committee to make a viable verdict on the mortgage Legal Status.
- 2. Failure of the Committee to scrutinize the Titles of the Land in Question.
- 3. The silence of the main report on the relationship between Kasoli Tenants SACCO and Kasoli Housing Association.
- 4. Failure of the Committee to make critical scrutiny of the Development of the Plots and the Beneficiaries Question.
- 5. Failure of the Committee to make a proper judgement on the actual total land area of the Kasoli housing project in Question.
- 6. Failure of the Committee to make a proper judgement on MLHUD officials for the mismanagement of the partnership agreement between Kasooli Housing Association, UN Habitant, DFCU Bank, Tororo Municipality council and MLHUD.

#### 2.0 Justifications for Dissent from the Main Report.

2.1 Failure of the Committee to make a viable verdict on the mortgage Legal Status.

The land on which the Kasoli Housing Project sits is government land which was used as security to obtain credit facility from Limited. Under Public **DFCU** Bank the Finance Management Act 2015 and its predecessor, the Public Finance and Accountability Act, there was need to obtain a noobjection instrument from the Ministry of Finance, Planning and Economic Development to guarantee the Mortgage using a government Asset. There is no evidence on record to show that such a clearance was obtained, this puts the legality of the credit facility in question.

There is no information concerning the current outstanding mortgage sum. The Parties involved in the transaction (DFCU Bank and KASOLI Tenants SACCO) never availed any payment schedule which possibly would enable the government valuers to get a better understanding of the mortgage details, and to determine how many people have made deposits on the mortgage or completed their contribution to the credit facility and thereby be considered differently for compensation.

To date, DFCU Bank Ltd and Kasoli Tenants SACCO have either deliberately and or willfully refused to avail this information to the committee. It is only alleged that two people out of 250 paid up their mortgage obligation but there is no evidence on record to ascertain the same.

#### **Recommendation:**

There is an urgent need to fully scrutinize and establish the legalities surrounding the entire mortgage arrangement that was given by DFCU Bank Ltd. A lot is left unexplained as to why a credible bank like DFCU which has dealt with government institutions on several occasions had to extend financial assistance without following due process as prescribed under our laws. This leaves a lot unanswered and it should have an impact on the claim they seem to lodge in this whole Housing Project.

2.2 Failure of the Committee to scrutinize the Titles of the Land in Question.

The committee did not critically scrutinize the titles of the Kasoli housing project Land. Uganda Land Commission acquired a leasehold title; volume 597, folio 25 and instrument No: 113479, measuring 10 acres from Tororo Town Council. As a photocopy of title from ministry of lands, housing and urban development reveals. (Annexure 1)

The Ministry of Lands, Housing and Urban Development also presented to the committee a search made by MINISTRY OF WORKS –STANDARD RAILWAY PROJECT which brought into play another title; FRV 1289, Folio 8 which was subdivided and mortgaged to DFCU Bank Ltd by ULC.(annexure 1a) The committee did not establish whether title LRV 597 Folio 25 was cancelled. You cannot subdivide a leasehold title and get free

hold title. It is not within our Laws to create two land tenure systems running concurrently on the same piece of land.

Land Title LRV 597, Folio 25 is in the name of Uganda Land Commission and still running for 99 years from 1st December 1964. If in any case there was conversion from leasehold to freehold, the Ministry should have presented to the committee the mother title for the freehold from which the subdivisions were made.

Currently, there are two titles of the same land; LRV 597, Folio 25 with instrument No. 163476 which is still running for 99 years from 1st December 1964(**Leasehold**) and the one mortgaged to DFCU FRV 1289, Folio 8, registered on the 24th October 2012 under instrument No. 476555(**Freehold**). This is revealed from the title search made by Balimwezo Ronald on the 5th of May 2022. (**Annexure 2**) You cannot have two titles on the same land; one in leasehold register and another in freehold register.

#### Recommendation;

A forensic audit to establish the original title to ensure security of the government land on which Kasoli project is situated should be done urgently.

2.3 The of silence of the main report on the relationship between Kasoli Tenants SACCO and Kasoli Housing Association.

The committee failed to differentiate Kasooli Tenants SACCO from Kasooli Housing Association. On the 18<sup>th</sup> day February 2010, the Kasooli Housing Association, UN Habitat, DFCU BANK

**5 |** Page

Ltd, Tororo Municipality Council and MLHUD went into a partnership agreement but on signing the partnership, they used a stamp with the details of the Kasooli Tenants SACCO LTD. This was revealed in the Solicitor General's letter to the Auditor General (Annexure 3)

The Legal Status of the Kasoli Housing Association is not evident and therefore it does not have a legal personality mandating it to legally transact in any form whatsoever. There is no documentation showing any transition from Kasoli Tenanats Association to Kasoli Tenants Sacco to justify the Kasoli Tenants Sacco seal on documents of Kasoli Tenants Association. Available documents indicate that the DFCU Bank granted a mortgage to Kasoli Tenants Sacco instead of Kasoli Housing Association.

The Official Record of the Kasoli Tenants Sacco has 83 registered members but the alleged current records indicate membership to be standing at 800. This raises a question since the dramatic raise in the numbers is not explained anywhere.

The committee did not investigate the legal relationship between Kasooli Housing Association and the Kasooli Tenants SACCO LTD yet they all appeared on critical vital documents touching this matter. This aspect points at none but impersonation, fraud making the agreement null and void.

#### Recommendation:

This House considers establishing the legal status of Kasoli Tenants SACCO and Kasoli Housing Association since they seem to be two distinct players that are at the center of the whole Kasoli Housing Project.

**6 |** Page

2.4 Failure of the Committee to make critical scrutiny of the Development of the Plots and the Beneficiaries Question.

Despite the original construction plan of 250 housing units for the Kasoli housing Project, only 92 were constructed. On examination of the Title, only 167 plots were identified. This would therefore not be able to accommodate the 250 houses as planned in the project documents.

Further scrutiny of the title deed plan indicate that some houses would overlap. It is disturbing to hear that the beneficiaries are pushing for compensation of all the 250 Units which were never constructed.

From the on setoff the SGR acquisition of the right of way in Tororo the beneficiaries were 250 at inception however, more claims have kept on coming through from several individuals which has made the would be beneficiaries to be over and above the initially documented 250 persons. Upon verification by the Ministry for Works and Transport it was found out that the Kasoli housing Project was classified into three groups;

- a. The 92; those who were entitled to the 92 constructed Houses,
- b. The 33 who were in occupation of the land in question before the Housing Project, whose Houses were demolished to pave way for the project but had not been compensated; and c. The 125 who are in the neighboring slum area waiting for houses.

Further to note is the Socio-economic survey list that was availed by the Ministry of Land, Housing and Urban

**7 |** Page

Development to the Auditor General had one name of each beneficiary and initials of other names which made identification and verification very difficult.

Further scrutiny and investigations indicated that 7 people were neither residents nor had any property in the area and 2 were minors at the inception of the project yet the project was meant for household heads.

Further information according to SGR and the Ministry for Work and Transport indicate that 23 individuals registered their relatives as household heads, yet others were minors and owned no property in the area. 24 persons were unidentified because none of the persons engaged had knowledge about them. 16 persons were mere tenants with no property in the area and 17 persons were dead. 6 persons' property were outside the Kasoli Housing Project area. 14 persons were registered yet they had no interest whatsoever in the affected area, this includes those in leadership positions within the area.

The Official Record of the Kasoli Tenants SACCO has 83 registered members but the alleged current records indicate membership to be standing at 800.

#### Recommendation;

An independent audit should be done to ascertain the true beneficiaries under the Kasoli Housing Project to avoid ghost claimants which may result into loss of huge sums of tax payer's money.

2.5 Failure of the Committee to make a proper judgement on the actual total land area of the land in Question.

A report from Ministry of Works and Transport-Standard Gauge Railway (SGR) Project presented to the committee indicated that initially, the area of the land on which the Kasoli housing Project sits was indicated as 5.3229 hectares (13.15 acres) on the mortgage documents. However, a copy of the white page that was availed to the Ministry did not bear the acreage.

In the same report, a title search from the Commissioner Land Registration indicated that the land in question is 9.503 acres (3.846 hectares) as the area size. Given the varying acreages of the said land, a further inquiry was made to the Commission Land Registration by MINISTRY OF WORKS –STANDARD RAILWAY PROJECT and the search indicated 3.8910 hectares (9.615 acres). The report also reveals that the SGR team on ground measured a total area of 13.17 acres. A title Search of the original title of the project land as acquired from Tororo Town Council LRV 597, Folio 25 made by Balimwezo Ronald on the 5th may 2022 revealed that the land measures 4.0468 Hectares (10 acres) (Annexure 1).

#### Recommendation;

This house should reign over and ensure that the actual total land acreage is established. The government valuer should be compelled to specifically establish the size of the said land and inform this House of the same to avoid conflicting figures in line with the land in question. This will guide on how much land was mortgaged and the subsequent compensations if any.

2.5 Failure of the Committee to make a proper judgement on MLHUD officials for the mismanagement of the partnership agreement between Kasooli Housing Association, UN Habitant, DFCU Bank, Tororo Municipality council and MLHUD

On whether approval of the solicitor general's advice was sought or and obtained before signing the partnership agreement between Kasooli Housing Association, UN Habitant, DFCU Bank, Tororo Municipality council and MLHUD. It is clear that the office of the solicitor general guided that according to Article 119 4b of the Constitution of the Republic of Uganda, 1995 as amended, the Attorney General is supposed to approve any document to which government is party or in respect of which government has interest prior to execution.

There is no record that this agreement was approved by the office of the Attorney General. In the opinion of the Solicitor General, it was the duty of the responsible ministry (Ministry of Lands Housing and Urban Development) to seek for the Attorney General's clearance before embarking on the mortgage transaction. Having not done so, they are estopped from denying the legality consequences of their inactions arising out of their actions.

#### Recommendation;

The reckless and negligent officials in the ministry who with impunity refused to adhere to the known procedure should be brought to book.

#### 3 Conclusion.

The spirit of the Kasoli Project was to use it as a model and replicate it in other areas in a bid to improve the standard of living of low income earners across the country.

The entire project was intended to build 250 housing units out of which only 92 houses were built implying that there is some land of the same project that was not utilized. Therefore, SGR should be advised to use the remaining land and realign its project to save the 92 model houses under the Kasoli Project.

Further still, if the land is not enough, SGR should be advised to buy more land adjacent or next to the project area since it's even more cost effective and it will save tax payer's money. For instance, an acre of land in Tororo around the project area is currently estimated to cost UGX 40m.

Going by the majority report, government will spend over 7.5 Billion in compensation for houses to be demolished and if we purchase land to realign the SGR considering that an acre of land is currently at UGX 40M, 10 acres will cost UGX400M. We shall save UGX 7.1bn and the 92 low cost houses.

It is our humble prayer that the above observations and recommendations be considered for purposes of saving the tax payers money.

### REQUEST FOR CLARIFICATION ON MATTERS RELATING TO KASOLI HOUSING PROJECT

Reference is made to yours dated 28<sup>th</sup> July 2017 of reference no. FIIT 54/115/01.

We apologize for the delay in rendering the legal guidance you requested. Our office was having challenges with tracing the documents necessary for the preparation of the legal guidance.

We note that your communication raises the following issues:

- 1. Whether the approval of this office was obtained before the signing of the Partnership Agreement? If not, advise on the legal effect.
- 2. Whether the approval of this office was obtained before signing the Mortgage deed?
- 3. Whether the officials of the Uganda Land Commission (ULC) who signed the mortgage deed had the mandate to bind government in the loan facility?
- 4. Whether Ministry of Lands, Housing and Urban Development (MLHUD) as a government entity can claim compensation from the government project?
- 5. Whether it is the Kasoli Tenants SACCO or Kasoli Housing Association that is the right party to the partnership deed? Whether there are any circumstances where Kasoli Tenants SACCO can assume the position and responsibilities of Kasoli Housing Association?
- 6. Whether there is a legal or bonafide claim by the beneficiaries of the 250 households of the Kasoli area, which should be considered at the point of evaluating the compensation?

Please note that several meetings were held under the Chairmanship of the Deputy Attorney General in attendance were officers from the SGR, MLHUD and ULC to discuss, among others, the compensation of the PAPs and intended replication of the Housing project.

Thereafter 2 letters rendering legal advice on the matter were written to the Permanent Secretary, MLHUD (dated 17<sup>th</sup> February, 2017 and 14<sup>th</sup> June 2017 respectively hereby attached).

We hereby resolve the issues as follows:

#### Issue 1

Whether the approval of this office was obtained before the signing of the Partnership Agreement? If not, advise on the legal effect.

According to Article 119 (4)(b) of the Constitution the Attorney General is mandated to approve any document to which the Government is a party or in respect of which the Government has an interest prior to its execution. We note that there is no record to show that the partnership agreement was approved by this office.

The legal effect of noncompliance with this requirement has been adjudicated upon in several cases. In *Finishing Touches Vs. Attorney General CS 144/2010*, whereby in a procurement process no approval of the Attorney General was obtained, the Court found that it would be unjust for the plaintiff not to be remunerated when the alleged acts of noncompliance were acts of the defendant's servants.

To that extent it was the duty of MLHUD to seek the Attorney General's clearance. Having not done so they are estopped from denying the legality of the document.

#### Issue 2

Whether the approval of this office was obtained before signing the Mortgage deed?

Following a request from the MLHUD, on 17<sup>th</sup> April 2013 this office approved the mortgage agreement between the Uganda Land Commission (surety), Kasoli Tenants Cooperative Savings and Credit Society Ltd (borrower) and DFCU Bank for a term loan facility of Ugx 2,500,000,000/= equivalent to USD 1,000,000 repayable in 15 years secured with land held by the Uganda Land Commission. (Copy of the approval letter attached).

#### Issue 3

Whether the officials of the ULC who signed the mortgage deed had the mandate to bind government in the loan facility?

According to Article 239 of the Constitution the Uganda Land Commission shall hold and manage any land in Uganda vested in or acquired by the Government of Uganda in accordance with the provisions of this Constitution and shall have such other functions as may be prescribed by Parliament.

To operationalize the Article, Parliament enacted the Land Act cap 227 as amended, which establishes the Uganda Land Commission as a body corporate. The governance structure of the ULC consists of a chairperson and not less than four other members appointed by the President with the approval of Parliament (section 47(1)) and a Secretary appointed by the President on recommendation of the Public Service Commission (section 50).

For the purpose of performing its functions under the Constitution and this Act, the commission may—sell, lease or otherwise deal with the land held by it and do such other things as may be necessary for or incidental to the exercise of those powers and the performance of those functions (section 53). In exercising its functions the ULC executes decisions, orders, instruments, contracts and other documents of whatever nature. Documents, instruments, contracts of the ULC may or may not be sealed depending on the nature of the document. Where it is sealed the common seal of ULC shall be authenticated by the signature of the Chairperson or any person authorized and the Secretary (section 52(1)). Where it is not sealed then it can be executed by any member or agent duly authorized in writing by the commission for the purpose (section 52(3)). Any document, instrument, order, decision, contract issued by ULC sealed and authenticated by the chairperson or any authorized member and the secretary or if unsealed but executed by any authorized member shall be received in evidence and be presumed to be so executed on behalf of the commission without further proof (section 52(4)).

The Mortgage Deed was executed on 22<sup>nd</sup> April 2013 between the Kasoli Tenants Cooperative Savings and Credit Society Limited (the Borrower/Mortgagor), the Uganda Land Commission (the Surety) and DFCU Bank Limited (mortgagee). The officials of ULC appended their signatures. On 26<sup>th</sup> June 2017, in a communication in response to yours, the Ag. Secretary ULC states that there is no minute by the Commission authorizing mortgaging of the said land to DFCU Bank Ltd.

Section 52(4) of the Land Act enunciates the indoor management rule (ref: Royal British Bank V. Turquand (1856) 6 E&B 327) to the extent that parties dealing with ULC, acting in good faith and without knowledge of any irregularity are entitled to assume that any document so executed by the officials is in compliance with the law and has been executed on behalf of the Commission.

In the premises, the ULC acted within its powers in mortgaging the land in so far as doing such other things as may be necessary for or incidental to the exercise of its powers and the performance of its functions. The signatures appended on the mortgage deed bind ULC and Government as against other parties.

#### Issue 4:

Whether Ministry of Lands, Housing and Urban Development as a government entity can claim compensation from the government project?

On 6<sup>th</sup> February, 2017 the Permanent Secretary, Ministry of Lands, Housing and Urban Development sought compensation for disbursements totaling 1,692,850,033/= made towards the Kasoli Housing Project.

We note that in your report you have verified that the MLHUD expended a total of Ugx 626,669,469/=. To that extent the MLHUD is a Project Affected Person entitled to compensation. Considering that it is a Government Ministry we recommend that the amount verified is indicated within the total amount for compensation of all PAPs then discussed by the concerned government entities to be addressed administratively.

#### Issue 5

Whether it is the Kasoli Tenants SACCO or Kasoli Housing Association that is the right party to the partnership deed? Whether there are any circumstances where Kasoli Tenants SACCO can assume the position and responsibilities of Kasoli Housing Association?

On 8<sup>th</sup> February, 2010 the Kasoli Housing Association, UN-Habitat, DFCU Bank, Tororo Municipal Council and Ministry of Lands, Housing and Urban Development with the intention of implementing a low-income Housing Project in Tororo Municipality executed a Partnership Agreement. On behalf of the Kasoli Housing Association there is a stamp for Kasoli Tenants Cooperative Savings and Credit Society Limited authenticated by a signature and dated 13/04/10.

On 13<sup>th</sup> April 2010 the Kasoli Tenants Cooperative Savings and Credit Society Limited, UN-Habitat, DFCU Bank, Tororo Municipal Council and Ministry of Lands, Housing and Urban Development executed a memorandum of understanding for the same purpose.

The mortgage deed (22<sup>nd</sup> April 2013) was executed by Kasoli Tenants Cooperative Savings and Credit Society Limited and the letter from DFC Bank on the term loan facility (19<sup>th</sup> March 2013) is addressed to Kasoli Tenants Cooperative Savings and Credit Society Limited.

It suffices to state that the Kasoli Tenants Cooperative Savings and Credit Society Ltd was registered on 16<sup>th</sup> May, 2003, as a cooperative society under the provisions of section 5(2) of the Cooperative Societies Act.

According to Section 28 of the Cooperative Society Act, "a society on registration shall become a body corporate by the name under which it is registered, with perpetual succession and a common seal, and with power to hold movable and immovable property of every description, to enterinto contracts, to institute and defend suits and other legal proceedings and to do all things necessary for the purpose of its constitution."

From the documents it is clear that the intention of the parties was to transact, interact or give effect to Kasoli Tenants Cooperative Savings and Credit Society Limited. Therefore the beneficiary party is Kasoli Tenants Cooperative Savings and Credit Society Limited.

#### Issue 6

Whether there is a legal or bonafide claim by the beneficiaries of the 250 households of the Kasoli area, which should be considered at the point of evaluating the compensation?

In our letter dated 14<sup>th</sup> June 2017 to the Permanent Secretary, MLHUD we advised that the memorandum of understanding executed on 13<sup>th</sup> April 2010 with the intention of implementing a low-income Housing Project in Tororo Municipality, should be the foundation upon which the rightful claimant(s) can be ascertained. The MOU was executed between the Kasoli Tenants Cooperative Savings and Credit Society Limited, UN-Habitat, DFCU Bank, Tororo Municipal Council and Ministry of Lands, Housing and Urban Development. Therefore the beneficiary in the MOU is Kasoli Tenants Cooperative Savings and Credit Society Limited, a body corporate with perpetual succession and with power to hold movable and immovable property of every description, to enter into contracts, to institute and defend suits and other legal proceedings. (Section 28 Cooperative Societies Act).

Any other beneficiary would need to present a claim and the claim would have to be verified to establish the nature of ownership, that is, whether such claim is by a tenant or proprietor, whether rights were relinquished and the nature of rights so relinquished.

Therefore unless the claim is known this office cannot ascertain whether it is a legal or equitable or bonafide or other claim.

Please do not hesitate to seek further clarity on this matter.
